*Dear Tony,*

*Everyone at Cardiff Blues is thrilled to hear that the SWIEQI Overseas Rugby Union Football Club in Malta is supporting World Cancer Day and testicular cancer awareness.*

*As a region, this is a cause that is particularly close to our heart after recent events with our hooker Matthew Rees and his successful recovery from cancer and subsequent successful return to rugby.*

*It is fantastic to learn that your club is now helping develop this awareness programme in Malta and we wish you every success with it in the months to come.*

*Wishing you every success and a successful season ahead in Malta!*

*Best wishes,*

*Richard Holland – Chief Executive*
